CG CERTIFICATION FORM

Administrative Certification

Any applicant who requests authorization under the New Jersey Pollutant Discharge Elimination System (NJPDES) General Non-Contact Cooling Water Permit No. NJ0070203 (Category CG) is required to publish their intent in a local newspaper pursuant to N.J.A.C. 7:14A-6.13(d)3. The following public notice shall be used as established in the General Permit:

"Notice is hereby given that, pursuant to the New Jersey Pollutant Discharge Elimination System Regulations, N.J.A.C. 7:14A-6.13(d)3, _____ [name of applicant] intends to submit a request to the New Jersey Department of Environmental Protection for authorization under the General Non-Contact Cooling Water Permit, NJPDES/DSW Permit No. NJ0070203. This authorization will allow _____ [name and address of facility] to discharge non-contact cooling water into _____ [name of the receiving waterbody], which is a surface water of the State".

Please complete the certification to request authorization under the General Non-Contact Cooling Water Permit:

I certify that arrangements have been made for publication, in a daily or weekly newspaper within the area affected by the facility, that this request for authorization under the NJPDES General Non-Contact Cooling Water Permit No. NJ0070203 will be submitted to the New Jersey Department of Environmental Protection.
